HEARING

For Sound Care

Sound News

Three Hearing Instrument Specialists are here to serve you:
Ray Conn, Chris Conn BC-HIS, and Mary Jane Conn

Fall 2016

Technology Update

- **UPGRADES:** If it has been a while since your last firmware upgrade, please let us check to see if you qualify for this. The upgrade is free and usually takes about 15 minutes to complete.
- **MiniPocket Remote Control:** Siemens recently introduced a new, tiny remote control that attaches to your key ring. It is compatible with most of the latest Siemens/Signia hearing systems and easily lets you control volume and program changes.

Give the gift of better hearing this Christmas! Gift certificates are available now!

*Check out our new mobile friendly website for easier navigation from your smart phone or tablet.

CaptionCall

Do you or someone you know have trouble hearing on the telephone? With CaptionCall you can understand every word of every phone call. Its large, easy-to-read screen quickly displays written captions of what your callers say. That means you can get more from your conversations...and from life.

If you think that you might benefit from CaptionCall, please contact us. We have one on display in our waiting room for you to check out. Also, we can help you with your application form. **This is a completely Free device and service for those with certified hearing loss.** If you would like more information, please let us know.

Don't forget we can accept your Flex Spending payment if you need to use your account before the end of the year.

QUICK TIPS

- Remember, each time you remove your custom hearing aid, earmold or dome, you should wipe it off with a soft, dry cloth to remove ear wax. You can also add Clean Aid cleaning solution to the cloth to help sanitize the earpiece.
- It's a great idea to keep a couple of extra batteries with you at all times. Check out the keychain Battery Caddie.
- For custom hearing aid and earmold users, try the Deluxe Vent Cleaning Tool to keep your air vents clean and open.
